SUMMARY

Specializing in design with over 3 years of experience in producing appealing, responsive web pages and apps for diverse clients and organizations.

Skilled in all aspects of development with an emphasis on client-side technologies such as HTML, CSS, JavaScript, and React.

Background in management provides invaluable productivity-related skills such as project management, team leadership, and client communication.

PROJECTS

MyFlix — *React App*

- Created a custom API to allow users to perform CRUD operations.
- Used CSS, React Bootstrap, and Framer Motion to add structure, style, and responsiveness.

SEE THE CODE   **TRY IT OUT!**

Connect — *Serverless Progressive Web App*

- Implemented serverless functions with AWS to authenticate/authorize users.
- Developed with a TDD approach, utilizing unit testing, integration testing, end-to-end testing, as well as acceptance testing.
- Utilizes the Google Calendar API to obtain data.
